D. WORTH STANTON PLACED ON TRIAL

But Small Number of Spectators Appear in The Court Room

JURY IS SOON CHOSEN

Court Takes a Recess at One O'clock Until Two This Afternoon—Case May Consume Two Days.

The trial of D. Worth Stanton, charged with shooting and killing Jesse Ralph in Rosemont on May 12th, was begun in the Corporation Court this morning. But few spectators were present. Forty six talesmen had been summoned.

The work of selecting a jury occupied some time.

The following were finally accepted:

James C. Laporte, Percy E. Clift, Virgil C. Davis, Bertram G. Dienelt, John N. McGee, George R. Brawner, Harry E. Hinken, Harry Rudd, Edward L. Crumbaugh, Louis Rosenblot, Scott Grimm, Charles W. King, Louis P. Woodward, Wm. E. Latham, Jr., Cecil Hufty and Clarence Johnson.

Messrs. Laporte, Rudd, McGee and Dienelt were subsequently stricken off.

Commonwealth's Attorney Howard W. Smith then addressed the jury from the standpoint of the prosecution. He was followed by Edmund Burke, counsel for Stanton, who gave an exhaustive history of the domestic disturbance in his family, alleged to have been caused by Jesse Rolph and the tragic event of May 12.

John V. Rolph, brother of Jesse Rolph, was the first witness. His testimony was substantially the same as that given before the coroner's jury. Witness alleged that Stanton first attacked his brother with a baseball bat which was taken from him, when it fell upon the ground. Witness said he stooped to pick it up, when he heard the discharge of a pistol and realized his brother had been shot. When accosted by Stanton his brother said, "You have got the wrong man.'

Upon being cross examined witness said Stanton struck at his brother three times with the bat, also that Stanton turned the pistol on him. He testified his brother paid $800 for Mrs. Stanton, money, the later had, it is alleged, obtained on checks.

At one o'clock the court took a recess until 2 o'clock.

ESCAPED LION IN FAIRFAX

Jungle Beast Reported Roaming Woodland Near Lincolnia

Lincolnia, Va., Aug. 5.—Lincolnia is in a turmoil. A lion is rumored to be roaming nearby woodlands, having escaped from a circus turning Virginia at a point some miles south of this hamlet.

George Riker, living at Franconia, and several others report they had seen it on the edge of the woods. It was thought at first they had seen a calf, but investigation later proved that no domesticated animal could have been in that section of the forest.

Parents have prohibited children from remaining out after dark. No warning is needed to keep them out of the woods. For some time the youngsters of this vicinity have camped a short distance from Lincolnia, which is located about five miles southwest of Alexandria on the Little River turnpike.

For several days rumors that a wild animal was prowling about were unheeded, but with definite reports of its presence, the country for several miles around is terrorized. The children's camp is broken up. Their "swimmin' hole" a short distance from here is deserted. Rusted guns are being cleaned, and plans are being made for trapping the animal.

Sheriff Allison, of Fairfax county is conducting an investigation. There is some talk of forming an armed posse to hunt for the animal.

The territory around is densely wooded. Lincolnia is no more than a few widely separated houses.

CLERGYMEN ARE UPSET

"Dry" Law Halts Shipments of Sacramental Wines

Several stumbling blocks in the way of clergymen getting wine for sacramental purposes have made themselves felt in Baltimore. Vendors of such wines do not know how to get them from the vintners without breaking the internal revenue regulations and express companies have also stated that no shipments of wines or liquors will be accepted under any considerations.

It is essential to the Catholic, Episcopal and Lutheran Churches that they have pure fermented wine for sacramental purposes. United States District Attorney Dennis recently told representatives of the Catholic and Lutheran Churches that he had received regulations pertaining to the sale of wine from the distributor to the clergy and would uphold the revenue office in any action it would take.

If this difficulty is overcome there yet remains another problem for the clergy to deal with. It is doubtful whether the express companies will handle shipments of wine as the losses of such shipments through "dry" territory amount to nearly 50 per cent. It is also doubtful whether any dealer will find it profitable to sell sacramental wine alone.

FETED ON WAY TO JAIL

Band Parades With Memphis Editor Convicted on Contempt Charge

Memphis, Tenn., Aug. 5.—Preceded by a band and accompanied by scores of prominent business men, who paraded principal streets of the city, Edward T. Leech, editor of the Memphis Press, an afternoon newspaper, entered the Shelby county jail yesterday to begin serving a sentence of ten days imposed for alleged contempt of Chancellor Israel Peres' court.

The contempt charges grew out of an editorial written by Leech during a local political campaign last year. The editorial, it is claimed, referred directly to no individual nor group of individuals but Leech was tried for contempt of Chancellor Peres' Court and sentenced to pay a fine of $50 and serve ten days in jail An appeal to the State supreme court was taken, but the verdict of the lower court was sustained.

Friends of Leech, who organized parade yesterday and accompanied him to jail, are planning a mass meeting next week when the editor is released it was said. Former Mayor Litty, who was a leading figure in the parade addressed a gathering of several hundred persons at the jail just before Leech was locked up.

SURPLUS ARMY FOOD

Local Committee Still Ready to Act.

The local committee in charge of the plans being made to secure for this city a carload of surplus army food for sale at wholesale prices held has temporarily deferred action. This was done owing the fact that it is regarded as highly probable that the food may be delivered by parcel post. In the event, however, that there is an increase in prices those in charge of the arrangements will obtain a car load and distribute it to those desiring to purchase. The organization is still intact and may meet at any date to take action.

Bring a list to make sure you get bills for all your property, as I will not be responsible or allow the discount after the time fixed by City Council.

RAILROAD MEN STILL ON STRIKE

Mass Meeting Held Today In Opera House and Reports Made

WANT HIGHER WAGES

Men Deny Report That They Are Striking as Protest Against High Cost of Living.

A joint conference of the striking employes of the Southern Railway shops and the employes at the Potomac Railroad yards, numbering approximately 700, was held today in the opera house.

Reports were received from the various committees and arrangements were made for a committee from the strikers from the two places to attend a mass meeting which will be held at 2 o'clock this afternoon at the Typographical Temple, Washington.

Officers of the unions read to the strikers telegrams received showing how the strike is spreading in Richmond, Philadelphia and other cities. It was announced that in Richmond 100 per cent of rafts are out, and that in Washington within the next twelve or eighteen hours all will be out including colored help.

All in Philadelphia will be out in twelve to eighteen hours it was announced.

The men denied emphatically that they are striking as a protest against the high cost of living, but are striking for an increase in the wage scale so as to put them on an equal footing with similar crafts employed elsewhere.

A statement also was that the foremen of the different shops had praised the men as a whole for their conduct during the progress of the strike. everything being conduted in a very orderly fashion.

Another mass meeting of the men will be held at 9 o'clok tomorrow morning in the Opera House.

CAUSES STOCKS TO TUMBLE

Living Cost Fight Also Factro—Entire List Hard Hit

New York, Aug. 5.—Stocks broke with a crash yesterday under an avalanche of liquidation and short selling which embraced an enormous variety of issues and aggregated almost two million shares.

The break, which ranged from five to almost 20 points in the recent market laders was precipitated primarily by the railway shopmen's strike and the attitude of the railway brotherhoods, including the recommendation of the unions that the railroads be taken over by the government.

Spread of the movement against high living costs also gave impetus to the dcline, which was the most severe of any session since the beginning of the bull movement some six months ago.

Much of the selling was said to originate at interior points where the railroad situation evidently caused greater apprehension than in New York. Here a large part of the offerings was credited to professional interests.

The decline started among rails, but almost immediately extended to every branch of the active list, including shares recently much in speculative favor. More than 300 different issues were traded in during the feverjsh session, the ticker carrying quotaations continuing to operate unitl fifteen minuts after the market's close to catch up with the sales.

Among the more severe price impairments were the investment rails, steels, motors, oils, equipments, shippings and utilities, final prices in general being the lowest quotations of the day.

He was on his way to Hughesville, Pa. In avoiding another machine, his auto hit a stone pile and upset. It burned and Newmier was burned to a crisp. Four persons with him escaped serious injury.

MAY CEDE WEST INDIES

Talk of Transfer to United States of the Valuable English Possessions is Rife.

That a movement has been started in England to transfer the British West Indies to the United States in part payment of England's indebtedness to the United States was asserted in Washington last night.

There has been considerable talk in naval circles in this city about the proposed transfer, difference of opinion existing as to the strategic value of the islands of Jamica, Trinidad and Bermuda.

The islands are valued at millions The imports of Jamaica in 1911, the last census shows, were $22,000,000 and exports about $20,093,000. The other islands show large imports and exports.

No intimation was given out by the State Department that Great Britain had yet approached the United States on the proposed deal, but talk is rife in English financial cirles of such a settlement.

COAL FAMINE LOOMS UP

Danger of a coal famine added itself today to the complications Congress faces in the railroad and high cost of living problems.

While the Senate Agricultural Committee met to take up the food problem in a general way and the Interstate Commerce considered the railroad wage question, Senators were seeking some way to get the coal difficulty solved before approach of winter makes it acute.

That the fuel question is rapidly becoming one of the gravest was the assertion of Senators Hitchcock and Pomerene today. They pointed out that it is so closely linked with the railroad situation, and has such a direct bearing on the cost of living that it must, if possible, be settled before autumn.

TO LOWER COST OF LIVING

Personally Calls at Trade Commission for Data as Whole Federal Government Grapples With Problem

President Wilson personally in command, the machinery of the Federal government is now in motion in the first comprehensive effort to bring relief from the ever mounting cost of living. With the situation admittedly constituting one of the most serious crisis in the history of the nation, the President late yesterday made a flying trip to the offices of the Federal Trade Commission, where he conferred with Chairman William B. Colver and Commissioner Victor Murdock the former a member of the special committee named as the result of the President's presentation of the problem to the Cabinet.

The principal topic of the conference, it was learned, was the possibility of using the production figures the commission has compiled on thirty billion, worth of commodities, in evolving an effective plan for forcing price adjustment to reasonable levels.

HUNT BOMBMAN

Attorney Lawler, Probably Fatally Burned in Los Angeles

Los Angeles, Cal., Aug. 5.—Police declared today they do not believe the bombing of the residence of Attorney Oscar W. Lawler yesterday morning was the work of Bolshevists, I. W. W. or other radicals.

They said they based this belief on the fact that Lawler had in the past received many threatening letters and had been involved in many bitter cases which they felt would furnish a definite clue. A total of $6,500 in rewards was offered today by private parties and organizations for the arrest of the dynamiter and the city council will be asked to add $1,000.

Lawler, former United States district attorney for Southern California, is undergoing the "paraffine treatment' for burns he received The skin is burned off more than half of his body, including his back arms and head. The "paraffine" treatment, originated for soldiers burned by liquid fire, is the only agency that an save his life, physicians say.

HIDEOUS STORY

Aged American Woman Dead of Starvation and Vicious Indignities Inflicted Upon Her Daughter by Mexicans

Washington, Aug. 5.—One American woman dead as the result of starvation; another, her daughter, compelled to suffer all the indignities of vicious men; her son in law a physical wreck because of his sufferings and ill treatment—these facts constitute the latest affront against American citizens in Mexico.

The woman who lost her life, and whose body now lies wrapped in thick matting in a hole in the ground near Depolan in Chipas, Mexico, was Mrs. W. H. Keenright, an aged resident of Washington.

Her son in law and daughter, Dr. and Mrs. Charles T. Sturgis, former Washingtonians, are now en route to this city after their escape from Mexico. Their relatives, incensed at the treatment afforded them by the Carranza regime, yesterday demanded that they be permitted to tell their stories to the house rule committee, which is considering an investigation of the Mexican situation.

JAPANESE INTENTIONS

Tokio Government Announces a Formal Statement as to Disposition of Peninsula

Washington, Aug. 5.—Information reached Washington yesterday that a formal statement from the Japanese government as to its intentions regarding the final disposition of the Shantung, China, peninsula will be made public very soon.

The Japanese statement, according to available information, is designed to clear away all misunderstanding and doubt as to the purposes of the Japanese Government.

It was recalled that when opposition to the Shantung clause of the treaty first developed in the Senate, President Wilson indicated that he had reason to expect an early declaration of intention from Japan which he believed would clear up the whole matter. There have even been some reports that the American Government was in communication with Tokio on the subject.

It has been assumed that the general tenor of the forthcoming announcement was known to administration officials possibly having been forecast at the time this section of the treaty was under discussion in Paris.

VOTE ON STRIKE

A. F. of L. Declares Hines-Wilson Solution Would "Paralyze Lines.'

Washington, Aug. 5.—The railroad situation reached the critical stage yesterday when it was announced a strike vote of the 500,000 members of the federated railway shopmen, returnable September 2, has begun, and that an attempt to pass the Hines-Wilson legislation for the creation of a wage board would be met by a complete tie up of the roads.

B. M. Jewell, acting president of the Railway Employes Department of the American Federation of Labor, who visited President Wilson with representatives of the shopmen, last night made the assertion that passage of the wage board program would be followed by an end to all railroad activity.

"The railroads will be tied up so tight that they'll never run again if that legislation is passed," he declared.

UNSEATED CONGRESSMAN

It is often said we do some strange things in this country—especially in Congress. Nearly every body knows that the seat of Victor Berger, the Socialist member elect from Wisconsin, is being contested on the allegation of disloyalty during the war But nearly everybody does not know that while his seat remains vacant Mr. Berger continues on the payroll of the government. A Washington dispatch states that the monthly salary check is sent regularly to Mr. Berger and that in addition he has received considerable sums for mileage and clerk hire and is given the franking privilege. When he add to this the expenses of the special committee which is investigating the right of the Wisconsin man to sit in the House, we must conclude that he is rather expensive luxury.

In this connection the Philadelphia Inquirer asks, "When is a Congressman not a Congressman? That is the natural query which will arise in the Berger case. Under the rules of the House his salary must be paid because his election was certified from his district. But if it should be decided that he is ineligible for membership in the House, would the money he has received for salary be returned to the Treasury? No, not unless Mr. Berger elected to send it to the conscience fund. It is probable that he takes the view that as he was elected to Congress he is entitled to the pay of a Congressman. The common sense plan would be to withhold the pay of a member whose seat is contested. If he is seated, then he is clearly entitled to his pay, but if he is declared ineligible there is no sound reason for paying him for services which are not rendered.

"But laws and rules are to the contrary. Even in the case of a contest between two men for one and the same seat, the salary is paid to both the victor and the vanquished—at least in the case where a sitting member is deposed. With charateristic generosity we give a sort of consolation prize to the loser.."

SENATOR MARTIN IMPROVES.

Senator Martin, who has been ill for several months was reported yesterday by his colleague, Senator Swanson, as being much improved. "I have just returned from Charlotteville after a visit to Senator Martin," said Senator Swanson, "I found him greatly improved and, getting stronger each day. As soon as the weather gets cooler, he will be able, I feel sure, actively to resume his work in the Senate."

The above announcement will be read with pleasure by Virginians who have lately been manifesting anxiety concerning the senior Senator's condition.

UNAMERICAN

We cannt believe that labor leaders who had talked about a general railroad strike to compel Government ownership represent the sane mass of intelligent American workmen says the Baltimore Sun. "But they injure labor by such foolish and wild outgivings. The principle of force which they propose to invoke will not frighten the American people into compliance with their demand; it will tend to solidify them against it because it sets up an un-American method of deciding public questions dangerous to all interests and all classes, to organized labor no less than to others—a principle which might well return to curse those who first employed it.

"No party in Congress will dare to knuckle to such a declaration of tyranny. The party which did would be swept out of existence as by a whirlwind.

"The railroad workers have a right to living wages; they have no right to say that the country shall or shall not have Government ownership of railroads, and to threaten a nation wide paralysis of transportation, industry and business if their views are not accepted. And the American people, after overthrowing the tyranny of the Hohenzollern, will not submit to class tyranny at home, whether the tyrants be domineering capitalists or domineering minorities of any other description."

OPPOSES BLUE LAWS

"We all want to make Richmond a bigger and better city, but we do not want to make it a better place to live in by putting any more 'blue laws' on the statute books" declared Rabbi Edward N. Calisch, of Beth Ahabah Synagogue, speaking before 7,000 people at the band concert and community sing at Byrd Park Sunday afternoon.

"The desired end can be accomplished by developing civic happiness which comes from a spirit of sympathy and consideraiton of each individual for the rights of the others," continued Dr. Calisch. "The war did a great deal in engendering community spirit and you are showing that you have caught the new spirit by attending in such large numbers just such gatherings as this."

Just at this moment six airplanes, in battle formation, passed over the assemblage, and all eyes were involuntarily directed upward. Dr. Calisch took advantage of the opportunity to declare that as these men pointed the way to victory in war, so would the new community spirt lead to a better and greater and happier Richmond.

FIRES SUICIDAL SHOT

Philadelphia, Aug. 5.—Leaving a note, indicating that a love affair prompted her to seek to end her life and expressing a choice of an undertaker, Miss Lillian Wardell shot herself yesterday afternoon, at No. 531 South Sixth street, Camden. She is in Cooper Hospital, in a serious condition. The bullet entered the left breast, close to the heart and came out through the back.

After calling the undertaker, and embalmer to engage for her burial, the note left by the girl reads as follows:

"I am doing this because a few gossips can't hold their tongues. I am perfectly sane and happy and I don't want anyone to say they are sorry. I hate to leave my mother and father without saying goodby. Mr. and Mrs. Fred Roth, Sr., have been good friends to me and I hate to bother them, but it just had to be. My happiness was taken away from me and I am determined to die. Mother, forgive me for this, for I do love you."

PRINCE TO SAIL TODAY

Luggage All Packed for Voyage Across the Atlantic Ocean

London, Aug. 5.—Edward Albert Christian George Andrew Patrick David, Prince of Wales, has his service kit bag which he used on the French front all packed and is ready to start for America today.

Just like any other English gentleman, he will close up his house which in this case, happens to be St. James Palace, turn the key over to his housekeeper, and start to catch his steamer. But, unlike the average English traveling gentleman he will travel not on an ordinary steamer, but in a battleship, and when he unpacks his kit bag and lays out his brushes and collar bag, it will be in the admiral's cabin of the H. M. S. Renown.

Incidentally, that service kit bag carries 36 pounds of personal baggage, and the Prince's trick at soldiering taught him the value of traveling "light." Trunks and other luggage were going aboard the Renown yesterday containing the royal traveler's fancy clothes for "dress up" occasions, but this old kit bag, stained white with French clay, is the Prince's particular love, and in it will go his pipe, his favorite cigarettes and other necessaries to make the voyage comfortable.

This morning the King and Queen Princess Mary and Prince Albert will accompany the Prince of Wales in the royal train to Portsmouth, where a farewell luncheon will be served aboard the spick and span battle cruiser.

...and the ...of Meat

... hours after cattle are purchased by Swift & Company they are hanging up as meat; within two weeks the fresh meat has been sold.

This speed means money in the pocket of the one who raises the live stock and of the one who eats the meat. It means a rapid "turnover" of capital and investment—making possible the transaction of daily business on a narrower margin of profit.

Speed permits Swift & Company to do a successful business on a profit of a fraction of a cent per pound.

Such speed, with its rapid turnover and smaller profits would be impossible without the efficient organization and wide scope of Swift & Company, the results of fifty years' experience in handling meat

Do you believe that government interference with the complicated and efficient machinery of the packing industry can be of any benefit? Experience with government regulation of railroads and telephone and telegraph might suggest an answer.

MOB RULE CURE

Chicago Judge Urges Drastic Action To Suppress Race Rioting

Chicago, Ill., Aug. 5.—Mob rule is best punished by hanging Judge Robert E. Crowe told a special grand jury here yesterday. The jury is to investigate the race riots of last week.

"Do not discriminate between white and black," the judge advised the jurors. "There is an anarchistic condition in Chicago and what you are to do it to crush it. On behalf of the judiciary I promise a fair trial to come from your findings."

Several hundred witnesses were available when the jury began work.

Packers here decided that no negroes will be re-employed at the stockyards for an indefinite period, as the result of race troubles and fires. Gov. Lowden and military authorities previously had said they believed colored workers should be barred until race hatred had abated. More than 10,000 negroes had been employed at the packing houses.

Frank Jacob, white, a painter, today confessed he set fire to seven negro houses yesterday, adding a dozen new blazes to those which on Saturday destroyed nearly 100 houses of foreigners employed at the stockyards and which were thought to have been set either by negroes or labor agitators.

CAUGHT IN FLAMING CAR

Lawyer Gilbert Smyth Fatally Burned After Crash at Crossing

Spring ake, N. J., Aug. 5.—Gilbert Smyth, a Philadelphia lawyer, was burned so badly when his automobile caught fire after being struck by a Pennsylvania Railroad engine at Allenwood, yesterday afternoon that he is dying at the Ann May Memorial Hospital here. His brother, Dr. Charles Smyth, a member of the faculty of the University of Pennsylvania, and who was in the car with him, was not badly injured.

The Smyths have a summer cottage at Lavalette, and were crossing the tracks in Allenwood when the engine struck the car. It was torn to pieces, and sparks ignited the gasoline. Smyth was covered with the burning fluid and no hope is entertained for his recovery. He has a wife and five children.

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly: provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c). The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

A RESOLUTION proposing amendment to section 133 of article 9 of the Constitution of Virginia.

GIRL KILLS BABY IN ANGER

Confesses She Also Put Poison in Tea For Aged Woman

Brooklyn, N. Y., Aug. 5.—Frances Sulinski, the 13 year old servant girl, arrested on suspicion of having poisoned Solomon Kramer, the 14 months old child of Mr. and Mrs. Samuel Kramer, confessed yesterday that she had deliberately murdered the child.

She did so, she said to get revenge on Brandel Nussbaum, the 70 year old nurse maid. She thought the happening would be laid at the door of the old nurse. She also admitted that she poured poison into the elderly servant's favorite teapot with the hope that the woman would drink it.

The girl faced the court with a few sobs but no tears.

THEATRES

INGOMAR THEATRE

A charming photoplay is "Little Women," a picturization of Louisa M. Alcott's appealing story which is the bill at the Ingomar Theatre. One follows the adventures of Meg, Jo Beth and Amy with as much interest in the picture if not more so, than one ever did in reading the story of their joys, trials and suffering.

GRAND THEATRE

Mystery and adventure make up the life of Richard Paget, an American Ace in France, who leads Hun bombers over Paris and flies to Berlin to receive an Imperial German Cross for services to the Fatherland. His true identity is not revealed until the final scene in "The Highest Trump," the third Earle Williams release in the Vitagraph Star series, which will be seen in the Grand Theatre tonight. Also Warren Kerrigan in "Playing the Game."

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
